Thank you for purchasing my item. If you have any questions that are beyond the scope of this help file, please feel free to email via my user page contact form here. Thanks so much!

Starting the project.

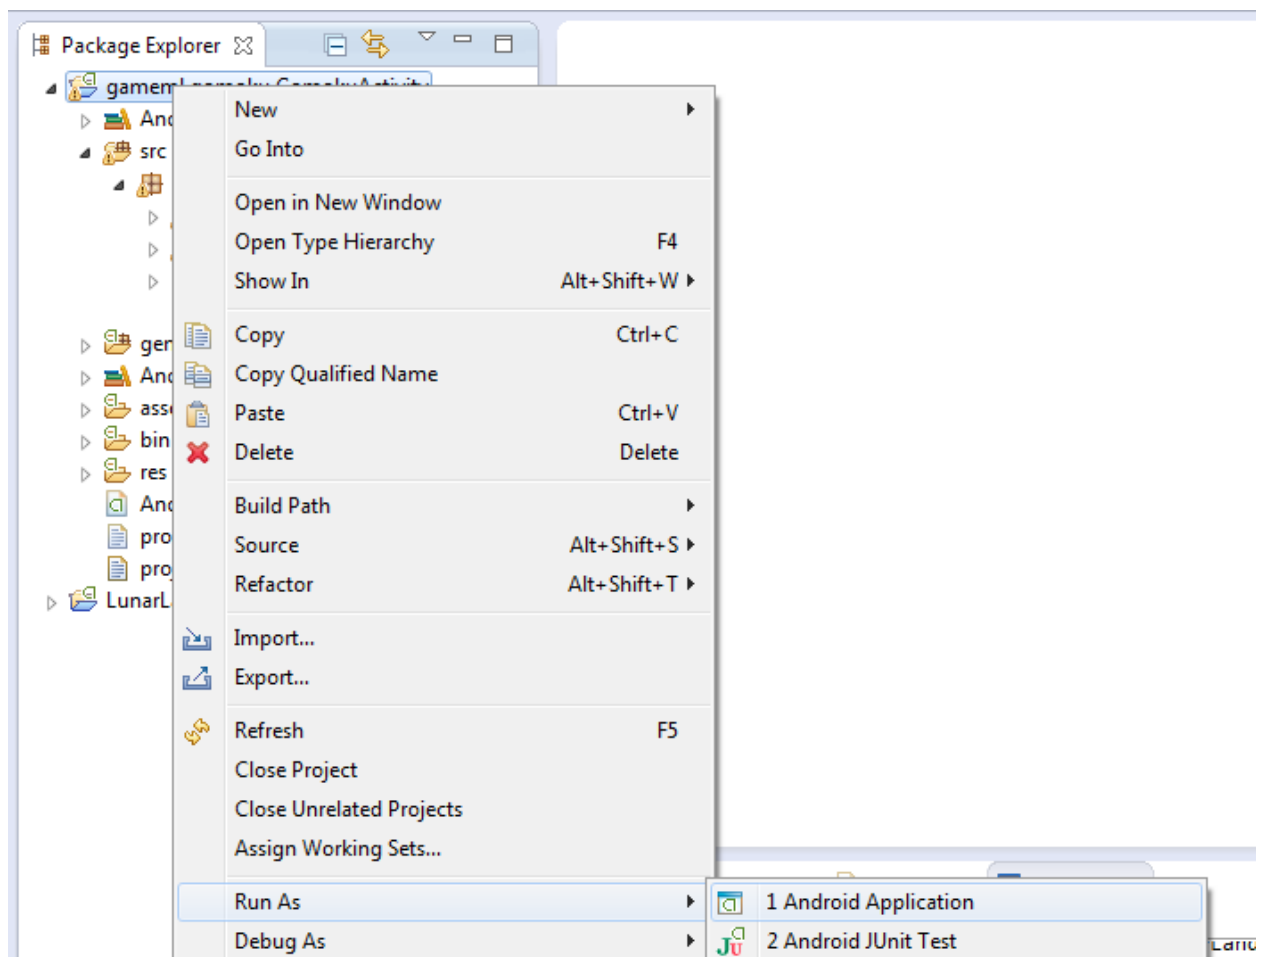

1. Start Eclipse
2. Menu File ->New -> Project -> Android Project from Existing Code -> press Next

3. Select the root directory of Gomoku project and press Finish

4. Press Right mouse button on project name in Package Explorer
Then select ->Run As -> Android Application

5. And Enjoy.
